

Gone Downtown, D. Wooley
Cotton States Music Publishing, BMI

I used to know the girl, she was so fine.
I used to know the girl, she was so fine.
But she's gone... gone downtown.

I used to know the girl, let me tell you she was fine.
I used to know the girl, let me tell you she was fine.
But she's gone, gone downtown.

She gone downtown, walk the street at night.
She gone downtown, walk the street at night.
Now she's everybody's, everybody's girl, everybody's girl but mine.

She's Gone, She's Gone
She's Gone downtown, now everybody's girl but mine

Instrumental Break:

She's Gone, She's Gone
She's Gone downtown, now everybody's girl but mine

I used to know the girl, she was so fine.
I used to know the girl, she was so fine.
But she's gone downtown.
Now she's everybody's, everybody's girl but mine.

She's gone, She's gone, She's gone, She's gone,
She's gone downtown.
Now she's everybody's girl but mine.
