

**King Bee, D. Wooley**  
**Cotton States Music Publishing, BMI**

I'm the King Bee, I'm the King Bee, I'm the King Bee

I got a thousand honey bees all over this town  
They all want my sugar when I come around  
So get your high healed sneekers in my limousine  
you know you have fun when ya riding with me

Cause I'm the King Bee – I ain't skeert -  
I'm the King Bee – I ain't skeert –  
I'm the King Bee – I ain't skeert -

I got all the women far as the eye can see  
don't waste your time man buzzin round me  
I can take your woman, or let her be,  
the next time you see her, she be riding with me

Cause I'm the King Bee – I ain't skeert -  
I'm the King Bee – I ain't skeert –  
I'm the King Bee – I ain't skeert –

I got all the honeys that a man can take  
so listen to me, an don't make a mistake  
if I want your woman, she'll come with me  
cause all the women know, I'm the King Bee

I'm the King Bee – I ain't skeert –  
I'm the King Bee – I ain't skeert –  
I'm the King Bee – I ain't skeert –

**new verse:**

All the honey bees from all over the land,  
they all come a buzzin cause they know I'm  
the man So get your high healed sneekers  
in my limousine you know you have fun  
when ya riding with me

If you see me buzzin me  
round the town tonight. Lock up your  
daughter, cause you know she just might.

I got all the women far as the eye can see  
don't waste your time man buzzin round  
me, I can take your woman, or let her be,  
the next time you see her, she be riding  
with me
