

**Stop pushing me, D. Wooley S.Robertson
Cotton States Music Publishing, BMI**

Woke up this morning, happy being me - Don't want to be no celebrity
I'm just happy being who I am - Don't need your wisdom, and I don't need your plan

Got my own way, works just fine, outta my way cause it's Saturday night - Stop pushing me man,
Stop pushing me, Stop pushing me man, Stop pushing me (ad lib, know what I'm sayin)

<Inst Break>

Don't want no trouble, just want a good time, can't take it with you, but there's no harm in tryin'
If I don't do what you want me to, find someone else to satisfy you

keep it to yourself, I don't need your advice, gotta get away from this 9 to 5
outta my face, I won't say it twice, outta my way cause it's Saturday night –
